## A. R. HOLDEN IS ELECTED

Democratic Councilmen Finally Get Together on Election of Trustee.

City Council Repeals Ordinance Prohibiting Sale of Fireworks.

The city council at its meeting last night fully sustained its reputation of backing down by electing Allen R. Holden, school trustee, and repealing the fireworks ordinance.

Before council convened Mayor Hall announced that the Democratic members desired to caucus. Accordingly the greater part of council betook itself to the little anteroom which has lately proven itself to be of such great value to the Democratic members, inasmuch as they feared to work in the open. For twenty-five minutes the members confabbed and conferred over the advisability of electing Mr. Holden trustee, to succeed himself. At the end of that time, the Democratic members filed into the council chamber looking as pleased as was possible under the circumstances. The members, together with the Republican members, took their seats and Mayor Hall called the meeting to order. He announced the purpose of the meeting, which, he said, was to elect a school trustee from the First ward, and asked Council if it desired to go into an election. He said they might as well, as the members knew how they were going to vote. Whereupon Councilman Smith arose and in a solemn voice moved that Council go into an election of a school trustee. The motion was carried by a unanimous vote.

Nominations were therefore in order. Mr. Smith arose and placed in nomination the name of Allen R. Holden. Councilman Brann arose and nominated F. R. Mull. There were no other nominations. Councilman Purcell moved that the vote be taken by ballot. This motion was carried, the members voted, and Councilman Smith was appointed teller. The result of the election was four votes for Mr. Holden and two for Mr. Mull. The Democratic side of the house turned down their fellow-Democrat, Mr. Mull, and voted solid for Mr. Holden. Mayor Hall thereupon was accorded the pleasure of declaring Mr. Holden elected.

A. B. Irvin was present at the meeting and stated his side of the controversy over the ditch on West Tenth street. He said that his drain was laid three years ago, that there was as far as he knew, no vault or anything of a similar nature connected with it. His ditch ran only as far as Harrison street, and he held that he was not responsible for the water west of Harrison street. He said the water would run along that side of Tenth street whether or not there was any ditch. He said that the health officer had informed him that no stench came from the water. Mr. Irvin said that the ditch had already cost him \$75 and that he did not wish to expend any more money upon it for the reason that he did not think that it was his place to do so. Charles Hugo, who was present stated that he had tapped the ditch with a drain from his residence, but he certified that there were no vaults connected with it. Pat Gilligan and Mike O'Reilly explained to council the manner in which the ditch was constructed.

The original complaint about the ditch came from the health officer some time ago. Residents on West Tenth street certified at a former meeting of council that a bad odor came from the water flowing out of the Irvin drain. Mr. Irvin stated to council last night that in his opinion the best way to fix the ditch would be to improve the whole street. He said he would be willing to bear his part of the expense. Mr. Irvin was not of the opinion that he could be compelled to go to two blocks from his house to extend the drain and seemed to think that council had been poorly advised in the matter. Council passed by the matter without taking any action upon it, the same being deferred until a later time. As the matter rests it is

in the hands of the health officer.

R. H. Jones then asked council to have the ordinance prohibiting the sale or use of fireworks or firearms of any kind within the city limits, amended or repealed, so as to permit the sale and use of small fire-crackers and fireworks on the Fourth of July. Mayor Hall stated that delegations of small boys had visited him and asked him about the same thing. Councilman Brann said that he was opposed to any change in the ordinance. Councilman Smith said he wished to see the city over one Fourth of July without a damage suit. Messrs. Purcell, Caldwell, Dale and Meredith were in favor of modifying the ordinance.

Councilman Brann said that the city ought not to be put to the expense of publishing an ordinance and then having it repealed. When the ordinance was passed Council was unanimous in favor of it. He said that he was not in favor of fireworks or firearms of any kind being sold to the children. He cited the case of his own son, who was injured with a toy pistol last year and after there had been some talk about granting the merchants a permit to sell fireworks and firecrackers of small size, he announced that such a course would be illegal and he threatened to sue the merchant should any fireworks or firecrackers be sold to his children. Council then decided to repeal the section of the fireworks ordinance referring to the sale or use of fireworks instead of granting a permit. There was further discussion over the advisability of the movement and during a lull in the proceedings, Mr. Brann jumped in with a motion to adjourn. Mr. Smith quickly seconded it, but the other members voted it down.

Ordinance No. 163, repealing the section of Ordinance No. 156, which prohibits the sale or use of fireworks of any description within the city limits and prohibiting the sale or use of firecrackers over three inches in length, or any other fireworks, Roman candles, sky rockets, and lawn fires, came up for the first reading. Councilman Purcell moved that the rules be suspended and the ordinance put upon its final passage. The motion was carried by a vote of 4 to 2. Councilmen Brann and Smith voting no. The ordinance was passed by the same number of votes, the same men voting no.

## POPULAR COUPLE TO BE MARRIED

T. A. Craig and Miss Inez Abbott, Former Teachers, to Wed Soon.

Invitations have been issued for the wedding of Miss Inez Abbott to Prof. T. A. Craig, the ceremony to take place on July 5th. Miss Abbott has been a very efficient teacher of Latin in the public high school for the past two years and has won a large number of friends in the city. Her home is in Greencastle, and she is a graduate of DePauw. Prof. Craig was for several years a successful teacher of science in the local high school, and enjoys popularity in the city not only in a professional way, but also among the musical and social circles of the community. Prof. Craig, having resigned his position as teacher, is working in the interests of the Equitable Life Insurance company.

The front trucks of a baggage car on the early morning C. H. & D. passenger train jumped the track this morning and caused a small wreck directly in front of the depot.

As east-bound passenger train No. 35 due here at 4:58 a. m. pulled into the city a brakeman on the front trucks of a baggage car broke and caused the wheels to jump from the rails. The track was damaged for a short distance. The trainmen found it impossible to raise the car so the Connersville wrecking crew was summoned. Upon their arrival the car was raised, the broken trucks were taken out and others substituted. The baggage car was then placed upon the north siding. Very little damage was done. The train was delayed about two and one-half hours, however, while the west-bound passenger due here at 5:20 was delayed two hours.

## HE WRITHED IN HIS CHAIR

Senator Mitchell Displayed Every Evidence of Mental Agony.

Secretary Robertson Said His Chief Cried and Swore and Cursed the Prosecution.

Portland, Ore., June 27.—Harry Robertson, United States Senator John H. Mitchell's former private secretary, was the principal witness for the prosecution yesterday in the trial of Senator Mitchell. Robertson told fully, without reservation, of his conversations with Mitchell at Washington, of the latter's fears of prosecution and his work before the departments and of Mitchell's rage when Robertson expressed to his employer the belief that denial was useless, as several knew of the connection of the firm of Mitchell & Tanner with the work of getting the Kribs claims expedited, and the likelihood that the whole story would come out. Upon being subpoenaed to appear before the grand jury the witness said he went to Senator Mitchell and showed him the summons, asking the senator what he could be wanted in Portland for. The senator said it was to testify about the acts of the law firm of Mitchell & Tanner, and told him that Tanner and his son were threatened with indictments. Mitchell told Robertson that when he reached Portland he should go to Tanner and look at the partnership agreement and Tanner would tell him how to testify.

The senator had cursed the prosecution and said that anything was justifiable in defying the government. On Robertson's return to Washington, after appearing before the grand jury, Senator Mitchell, the witness said, shook his fist in Robertson's face and swore at him for his actions in Portland, and Robertson thereupon resigned his position. In continuing the witness said Mitchell finally acknowledged that he had known Kribs and remembered the partnership agreements with its damaging clause. He cried and swore and said that he ought not to be prosecuted in the Kribs case, as he had only received a few small checks for what he had done.

The evidence given by Robertson was direct. He identified letters given by Mitchell at Washington to be delivered to Tanner, but which were given to Prosecuting Attorney Heney and the grand jury, telling to the best of his recollection the plans made by Mitchell and Tanner to evade prosecution, and how these schemes came to naught. Robertson supported strongly with his testimony the allegations of the indictment upon which Mitchell is being prosecuted.

During the recital of Robertson's testimony, Senator Mitchell showed every evidence of mental agony. He writhed in his chair and protested with his attorneys for allowing the introduction of the evidence.

## NEW OFFICERS WERE CHOSEN

Knights of Pythias Held Their Election Monday Night.

Ivy lodge No. 27 Knights of Pythias, met last night and elected the following officers for the ensuing term: Chancellor Commander, Geston P. Hunt; Vice Chancellor, Clayton Wolverton; Prelate, George H. Caldwell; Master of Works, J. K. Jamison; Master at Arms, O. L. White; Inner guard, Ray Hunt; Outer guard, Harry Dumas.

F. M. Redman was appointed installing officer. The installation will be held next Monday night, provided that the works of the lodge are audited by that time.

Two candidates were given the First Rank last night. About thirty members of the lodge were present.

## MAY COME BEFORE THE GRAND JURY

The Affairs of the Arlington Bank are Still Far From Being Settled.

There is still considerable talk at Arlington over the condition of affairs relating to the settlement with the creditors of the defunct Arlington bank. Some of the citizens have been desirous of bringing the bank's affairs before the grand jury, but have been waiting to hear from Mr. Jones and his relatives. The latter are doing nothing toward making a settlement, however, and the people are determined that something be done. It was reported here today that the bank's affairs will be investigated by the grand jury at the next session, steps toward that end having already been taken.

As the matter now rests, Mr. Jones must raise about \$300 to pay the remainder of his part of the deficit. This he is unable to do and his relatives refuse to aid him. There has been some very questionable transactions upon the part of the bankers, it is said, but the majority of the people at Arlington are willing to let the men go, provided they will cover the shortage in full.

The bankers wish all the creditors to sign a written agreement not to prosecute them, and this some of the depositors refuse to do. The banker's attorneys have secured enough money to pay the depositors dollar for dollar, with the exception of \$300 before mentioned. Mr. Jones' relatives refuse to aid him by letting him have this amount. Mr. Goodrich has paid his part of the deficit. Mr. Jones has taken a position with the Progress Clothing Company at Indianapolis at \$15 per week and he is willing to lay aside \$10 each week to pay back to his relatives. It seems that they would rather see him go to prison. It is asserted that there is enough evidence against the bankers to convict and it is understood that the matter will be brought before the grand jury for investigation.

## MR. HENRY GETS HIS FRANCHISE

Shelbyville City Council at a Special Meeting Agreed Upon Terms.

The Shelbyville city council at a special meeting with Charles L. Henry, traction magnate, Monday afternoon agreed on terms of a traction franchise for the Shelbyville-Greensburg line, embodying the features in the Greensburg franchise including the transfer clause. Under the terms of the franchise the road will be double track from the north corporation line of Shelbyville to Greensburg. A high tension wire will be carried carried down Harrison street to feed the Greensburg extension. Two exceptions were given on the route out of Shelbyville, but Mr. Henry Monday evening expressed his preference for a route out Van Aneuse street in Shelbyville, and across the Big Four near the Sid Conger home.

Mr. Henry stated that he was ready to begin work on the line within 60 days and could have it completed by September, 1906, provided no obstacles were placed in his securing a right-of-way.

## CHURCH NEWS

There will be a union service of the churches of the city on next Sunday evening at the First Presbyterian church. The various young peoples' societies will also join in a union meeting with the Presbyterian Christian Endeavorers.

The Pastor's Aid Society of the Main Street Christian church will give an "Experience Social" tomorrow evening at the home of Mrs. J. D. Case. The members of the congregation are invited to be present.

## IT IS STILL A MYSTERY

As to Who Killed Little May Hill of Shelbyville.

No Arrests as Yet—None May be Made For Several Weeks.

The most mysterious affair that ever occurred in Shelbyville happened just thirteen days ago and the excitement which was then so intense is almost a thing of the past and the people are just as much mystified at the present time as they were when the deed was committed. Detectives have been at work on the case; the city and county have offered a reward of \$500, but still the affair remains as much of a mystery as does the Sarah Schaffer affair at Bedford. Had the murderer been caught when excitement was the greatest, the person would, doubtless, have been dealt with very severely, but now, there is hardly any reason for fear.

The Shelbyville Republican says reports have been in circulation for the past few days that an arrest would certainly be made within a few hours. This report was heard numerous times on Saturday night and Sunday. The officers are working on three or four clues in this matter and arrests may follow within a few hours; and it may be days, weeks or months. Perhaps never. Many clues have been run down, but it takes considerable evidence before a person can be arrested on the charge of murder.

The people of Shelbyville are now trying to explain why the building and loan book was stolen, together with \$2 in money. This was on Wednesday that the fatal blow was struck and perhaps the Hill family was paying dues to the amount of 50 cents, \$1 or \$2 a week. 'Tis quite natural that they would lay aside their money for this purpose. Perhaps it might have been rent money, or money laid aside for various things. But why was the building and loan book stolen?

Many questions have arisen in this case which might seem very peculiar but as many questions have not been explained. In fact, no explanation has been asked.

As to who the murderer is, no one knows, although they may have their suspicions. Had the real fiend been known, arrests would have been made long before the present time.

There may be some arrests made within the present week and there may not be. But whether the persons placed under arrest will be the guilty party remains to be seen.

## RED MEN WORK AT FOUNTAIN TOWN

Sixty Five Candidates Initiated on Saturday Night—Many Present.

Saturday night, June 24th, Papago Tribe, of Fountain town initiated a class of sixty-eight candidates. About two hundred and fifty were present to witness the work, including a large number from this city.

The Adoption degree was conferred by the Arlington team; Hunters' and Warriors', by Greenfield, and the Chief's degree by Papasi Tribe, of Fountain town.

Papago Tribe was organized one year ago last March with forty-eight charter members. Up until Saturday night the lodge had a membership of seventy. Adding to this the class of sixty-eight makes the total membership now reach 138.

Refreshments were served after the work. Representatives attended from Rushville, Arlington, Greenfield and Shelbyville.

## ATTEMPTED TO ENTER THE HOUSE

Would be Burglar Gives Mrs. S. B. Anderson a Fright But is Scared Away.

Saturday night about ten o'clock Mrs. S. B. Anderson who resides about one and one-half miles south of town and who was alone with her children at the time heard a noise at a window on the south side of the house. She found a man standing outside trying to open the window. The fellow failed to gain entrance to the house by that means and going around the house he tried to open the front door. Mrs. Anderson ran to the telephone and calling up Caldwell's livery barn asked the men there to send her husband, who was in town, home at once. Mr. Anderson arrived home about 10:20 but the would be burglar had fled going down the driveway and out upon the road. Mrs. Anderson is of the opinion that he heard her telephoning for help and left.

Mrs. Anderson for a short time gazed into the fellow's countenance through the window, but she does not give a very good description of him beyond the fact that he was dark complexioned and wore a black slouch hat and was rather heavy set.

## KNIGHTSTOWN BOY MAKES HIS ESCAPE

Roy Lane Gets Out of Prison and is Now Being Hunted.

Roy Lane, the former Knightstown boy sent to Jeffersonville a few months ago from Richmond for grand larceny, escaped late Saturday night and is now being hunted by the State authorities. Lane was working outside of the prison walls under a guard and when the roll was called he was missing. The prison officials were not long in deciding that the young man was on his way to tall timber, and although he was clothed in the prison garb, he has not been taken and it is doubtful if he will be recaptured under several days.

## RUSHVILLE BOY IS IN TROUBLE

Jesse Sterritt Either Unfortunate Victim or a Forger at Greensburg.

The Greensburg News of Monday says: Jesse Sterritt, aged about 22, and a painter by trade, is either the victim of unfortunate circumstances, or is a bold forger. Sterritt, claims Rushville as his home, and has been working at his trade in this city for several weeks. On Saturday evening he presented a check to Edmeades Bros., calling for \$22. The check was against a Rushville bank and was signed F. G. Capp, and was made payable to Elmore Smith, and was endorsed with the latter name. Edmeades refused to cash the check unless it was endorsed by some responsible party in Greensburg. Sterritt went to Clarence Donnell with whom he had a speaking acquaintance and secured his endorsement to the check. It now turns up that such a person as F. G. Capp or Elmore Smith are not known in Greensburg, and that the former has no money on deposit in the Rush county bank. Sterritt claims that a person giving him name as F. G. Capp hired him to paint some signs several weeks ago and gave him the check in payment for his services. Mr. Donnell is disposed to be lenient in the matter and accompanied Sterritt to Rushville this afternoon to see if the matter could be straightened out.

## REVOLUTION IS RAMPANT

Warsaw's Streets Barricaded and a Reign of Terror Exists.

At Lodz and Other Polish Centers the Situation is Equally Critical.

Warsaw, June 27.—Disorderly crowds throng the streets. They have erected barricades at several prominent streets, on top of which they have placed red flags. The police and soldiers stormed these barricades and ten persons were wounded by bullets or bayonets. Another affray took place at Zelazna street, where Cossacks charged the crowd and wounded three persons. In the central market a crowd attacked a patrol with revolvers, to which they replied with volleys, killing a boy and wounding three other persons. Five workmen who had refused to strike were stabbed to death by their comrades. Revolutionary proclamations have been posted on the walls and 200 persons have been arrested.

## EXODUS CONTINUES

Panic-Stricken People Are Cutting Out of Lodz.

Lodz, Russian Poland, June 27.—Since the proclamation of martial law the situation has become quieter.

The rumor of an approaching massacre of Jews has caused 20,000 Jews to leave the town.

Scattered cases of rioting as a result of the insurrectionary spirit, however, continue. One of these occurred in the old Protestant cemetery, when a patrol was fired on from behind a wall. The patrol charged and killed twelve persons, five men, four women and three children. Business is at a standstill and all traffic has been stopped.

A case of disaffection among the troops was reported when the officers of one regiment declared they would refuse to fire on defenseless people. The regiment was at once transferred to another place.

## GREENSBURGERS ON WEDNESDAY

Rushville Team Will Make a Strong Effort to Win the Game.

Tomorrow the Rushville team will get another whack at the Greensburg Reds and the men are determined to do or die. Greensburg comes to this city and will be accompanied by a large number of rooters. Quite a number will also be over from Connersville to see the game. Ed Pitman will umpire and the game will be called promptly at 3 o'clock p. m.

It is the intention to pitch McCord against Greensburg providing that his thumb is in a condition to permit, otherwise Wagner will be in the box. The local team will be strengthened by the addition of Smith and Duncan, two hard hitting players.

The two teams will line up as follows:

Rushville—McCord or Wagner p. Morgan c. Smith or McClellan 1b. Carter or McClellan 2b. Bush ss. Herold 3b. Kiser lf. Taylor cf. Duncan rf. Connaughton sub.

Greensburg—Reuther p. Hunch c. Ittig 1b. Reggy 2b. Braden ss. Young 3b. Waybright lf. Schultz cf. Condiff rf. Donnell sub.

Reuther, who will twirl for Greensburg, is the man who pitched against Connersville Sunday. He is a pitcher of merit and the locals will find him at tough proposition.

A new file box has been made for the circuit court room.

The Rushville band will rehearse tonight and a full attendance is desired.

### SHIDELER IN THE RING

New Certain There Will Be Competition for State Chairmanship.

Indianapolis, June 27.—Jay Wood Wilson, a prominent Marion capitalist, whose name has frequently been mentioned of late as a prospective candidate for the Republican nomination for congress in the Eleventh district, was here today on business. He had nothing definite to say about his own prospects or intentions. He did admit, however, that his friends are asking him to make the race. He has not determined what to do. Wilson is a warm personal friend of George A. H. Shideler of Marion, and said the latter will be a candidate for the chairmanship of the Republican state committee. There has been considerable doubt as to whether or not Shideler would enter, but Wilson says he has gone too far now to back down. He also said there is a general demand for the re-election of Revenue Collector Elam Neal as district chairman.

It is an open question here who has won out in the controversy over the selling of pools on the running races at the state fair grounds. As forecasted in these columns two weeks ago, the governor directed that no pools be sold. Mayor Holtzman got from under the proposition by declaring that he had no authority. The governor then put it up to Sheriff Sourbier and he arrested eight of the bookmakers at the close of the afternoon's program yesterday. They were taken before a justice of the peace and their trial was set for July 10. The race meeting ends the 12th, so it is probable that bookselling will go right on during the meeting unless the governor has another card to play. If the governor succeeds in preventing bookmaking it is predicted that the meeting will be a complete failure and that there will be no further attempt to continue running races in Indiana, at least during his administration. Pools were sold at the three other meetings here. In other cases it has been held at the attorney general's office that the governor has no direct authority over the sheriff of a county and that he cannot interfere in the administration of local affairs unless there is a riot.

Another official head has fallen into the basket. Governor Hanly demanded the resignation of R. J. Kruger, Democratic member of the Michigan City police board. Kruger replied in a jiffy. The governor received a letter from him, saying he was not in sympathy with his "puritanical ideas," that he was weary of the governor's "persistent nagging" about law enforcement, and that he took pleasure in complying with the request for his resignation. The governor was displeased with Kruger's reply to his telegram Saturday asking if the laws are being enforced at Michigan City. Kruger said they were and that he was a drygoods merchant, not a detective. L. C. Dillard, Democratic member of the Marion board, resigned a few days ago, no reason being stated.

Senator Albert J. Beveridge is en route to the wilds of northern Wisconsin and will probably remain there most of the summer. He did not leave his address, nor will his private secretary give it to the public. The senator is in search of absolute rest and probably thinks that the best way to get it is to cut away entirely from politics and business at home. He may go to the Maine woods for the latter part of the summer. The senator generally goes on his vacations unaccompanied, and while he does a lot of resting, he also does a lot of literary work. He has received a large number of invitations to deliver addresses during the present year.

**Wouldn't Recognize Committee.**  
Terre Haute, Ind., June 27.—President O'Connor, after visiting the New Summit mine at Linton, ordered the miners, numbering 200, out of the mine, but Superintendent William McQuade refused to recognize the mine committee of the United Mine Workers. There has been trouble for a year and more between McQuade and the miners, and several grievances have been taken up by the respective state organizations of the miners and operators, in one instance being appealed to the national organization.

**Knight, Donnelly & Co. Fail.**  
Chicago, June 27.—Knight, Donnelly & Co., one of the most widely known grain and stock brokerage firms in the West, and of reputed financial standing throughout the business world, has become involved in

involuntary bankruptcy proceedings in the United States district court. Three petitioning creditors with claims amounting to \$16,000 filed the petition before Judge Landis, and Edward C. Potter was appointed receiver.

### Fatal Storm in New York.

New York, June 27.—A storm of cyclonic proportions, accompanied by a terrific deluge of rain, passed over Harlem and the Bronx late yesterday afternoon, causing widespread havoc. A building in course of erection in 136th street near Riverside Drive was demolished, John Lawler, foreman of the bricklayers, being crushed to death and two Italian laborers severely injured.

### Detectives Keep Mum.

Shelbyville, Ind., June 27.—The authorities here are said to be following four clues that may lead to the solution of the Nollie May Hill case, and it is rumored an arrest may be made soon. However, none of the detectives who are trying to earn the \$500 reward will indicate what the clues are.

### Cashier Juggled Report.

Buffalo, N. Y., June 27.—Fred R. Green, cashier of the closed Fredonia National bank and director of the State Bank of Forestville, has been held in \$10,000 bonds for the United States grand jury. It is alleged that Green made the report to the government show that there was a balance of \$19,700 on deposit in the State Bank of Forestville, when the Fredonia National bank really owed the Forestville bank \$15,000.

### A Slight Recurrent Attack.

Washington, June 27.—A personal telegram has been received at the state department from Mrs. Hay saying that Secretary Hay had merely suffered a slight attack similar to one he had several years ago, which was brought on by a cold. This telegram, coming direct from Mrs. Hay, has greatly assured officials here.

### Big Tunnel Under Pittsburg.

Pittsburg, Pa., June 27.—Local capitalists will construct a tunnel 1,550 feet long to connect the south and north sides of the city, at a cost of \$250,000, running under existing streets and designed for use by street cars, heavily loaded trucks, buggies and foot passengers.

### The Happy Mr. Reilly.

Lamoure, N. D., June 27.—Mrs. Eriga Reilly has presented her husband with four babies, three girls and a boy. The little ones are perfectly formed and normal in every particular. Mrs. Reilly is thirty-four years old and is now the mother of ten children.

### Nelidoff's Place Assured.

St. Petersburg, June 27.—Russia has thus far not officially named her plenipotentiaries, but it is again indicated unofficially that M. Nelidoff, the Russian ambassador at Paris, will be one of them.

### Celebrates 105th Birthday.

Sterling, Ill., June 27.—Peter Ford, conceded to be the oldest man in Illinois, quietly celebrated his 105th birthday. He retains all his faculties.

### Not Seeking an Armistice.

Gunshu Pass, Manchuria, June 27.—Very vague dispatches reaching here through the official paper which is edited for the army, makes the conditions under which the proposed peace is to be reached very indifferently understood. In consequence of events at Washington a military initiative for an armistice had been expected, but although Generals Linévitch and Kuropatkin express the conviction that Russia is drifting toward peace, no action looking to an armistice has yet been taken. On the contrary the commanders appear to regret that at the time when the army has reached its maximum strength it is likely to be deprived of victory.

### Formal Announcement Withheld.

Washington, June 27.—Russia has given reassurance of its intentions in the peace negotiations by placing the president in possession of the tentative selection of her plenipotentiaries, in the persons of M. Nelidoff, the Russian ambassador at Paris, and Baron Rosen, the newly appointed Russian ambassador at Washington. Japan's selections, also tentative, are Baron Komura, the Japanese minister for foreign affairs, and Kogoro Takahira, the Japanese minister at Washington. Official announcement of the names of the plenipotentiaries is withheld for several reasons.

### Workmen Threaten Bloodshed.

Byelostok, Russian Poland, June 27.—The workmen have presented a demand for the opening of all suspended factories and the immediate satisfaction of all grievances, under a threat of bloodshed. The Jewish members of the douma have resigned as a protest against the attitude of the authorities.

### Government Sustained.

London, June 27.—The house of commons last night defeated the opposition motion of censure on the government in connection with the army stores scandal in the South African war by a vote of 329 to 255. The government acted mainly on the defensive, disclaiming responsibility and rather placing the blame on Lieutenant General Sir William Francis Butler, chairman of the war office committee, for the publication of the report on this matter, issued June 14. It was intimated that the officers involved might yet be able to exonerate themselves, as the evidence taken before the committee had not been fully substantiated.

Lafayette Saloonists Are Taught To Have Regard For Law.

### THEY SOLD ON SUNDAY

Fifteen Arrests Were Made and the Violators of State Laws Were Promptly Punished.

Word Has Gone Out That This Form of Violation Will Not Be Tolerated.

Lafayette, Ind., June 27.—Fifteen saloon keepers were arrested yesterday for the violation of the Nicholson law in this city. The word had gone out Saturday night that saloon violations would not be tolerated on Sunday, but the saloon keepers who were allowed to believe that the police commissioners would take no action if saloons were open, followed their usual custom Sunday. All pleaded guilty and were fined.

The arrests were the most ever made for Sunday offenses in Lafayette and the action of the police created a sensation. There had been a laxity in the enforcement of the laws, and no one suspected the police would make wholesale arrests. A strict watch was set on saloons and the fifteen arrests resulted.

### CASHIER'S SHORTAGE

Caused a Run on a National Bank at Terre Haute.

Terre Haute, Ind., June 27.—The Vigo County National bank has issued a statement that Cashier Conzman had resigned and that a shortage had been discovered in his accounts of about \$16,000. President B. G. Hudnut also issued a statement saying that Mr. Conzman had turned over securities amounting to \$60,000, with which the bank can adjust the deficiency. The publication of the facts caused a run on the bank, which was promptly met. The publication that Conzman had resigned was the first intimation to the general public of his alleged shortage, but for weeks the gossips on the inside of Terre Haute offices have been saying that disclosure would come sooner or later. Conzman was very popular and was the bank's first cashier, selected on account of his popularity and at a time when he was the retiring county treasurer. He is still in the city.

### Police Were Surprised.

Anderson, Ind., June 27.—Twelve feet under the surface of the jail yard, in a tunnel leading two blocks away to the courthouse, police found a beer saloon, and as a result Edward Downey, one of the first town marshals of this city, is under bond for trial on a charge of selling liquor without license. One end of the tunnel is entered in a room next door to police headquarters in the courthouse basement, and at the opposite end is a plant supplying heat and water to the county buildings. For several years Downey has been engineer of the plant.

### Resented Cry of "Scab."

South Bend, Ind., June 27.—Although the streetcar strike here is thirty months old and has passed beyond the boycott stage, when two electric linemen called "scab" downtown to a passing car crew, there was a prompt rally of a dozen streetcar employees and a fast and furious row followed, which necessitated interference of the police, street railway inspector and the linemen's superintendent. Much bad blood was engendered.

### The Auto's Practical Use.

Terre Haute, Ind., June 27.—A traveling salesman last week substituted an automobile for regular train service, traveling 325 miles in four days, called on seventy-five customers and returned home forty hours ahead of train schedule time.

### Mrs. Roode Absents Herself.

Marion, Ind., June 27.—Mrs. Jennie Roode, acquitted of the charge of attempting to poison her aged husband, has been adjudged insane, but she surprised something of the kind and successfully absented herself. Her present address is unknown.

### Lawyer Must Stand Trial.

Richmond, Ind., June 27.—Judge Macy of Randolph county, special judge in the case of the state against Samuel C. Whitesell, attorney, indicted for perjury, has overruled the motion to quash the indictment, and the case will be tried.

### Decapitated by Train.

Muncie, Ind., June 27.—Edwin Record, twenty-five years old and unmarried, a brakeman on the Big Four railroad, had his head completely severed from his body when he fell beneath the wheels of a cut or freight cars.

### Boy Drowned While Bathing.

Kokomo, Ind., June 27.—Clarence McClain, eleven years old, was drowned in Wildcat creek while bathing.

### Indiana Dentists Meet.

Indianapolis, June 27.—The Indiana State Dental Association convened today for a four days' session.

### TREPOFF ON TRIAL

Will New Russian "Dictator" Be Able to Justify His Selection?

St. Petersburg, June 27.—These are gloomy days for the government of Russia. Every new dispatch accentuates the seriousness of the situation in Poland and the Caucasus, where a state of almost open war exists, and reports of strikes, demonstrations and agrarian disorders are pouring in from many parts of Russia proper, as if the volleys fired at Lodz had been the signal for an outbreak of general disorders like those following the events of Jan. 22, "Red Sunday."

Up to the present St. Petersburg and Moscow have not been affected, but if mobilization is to be attempted in the two capitals, as reported, a recrudescence of former tumults is apt to be precipitated.

Another danger spot is Georgia (Russian Transcaucasia), the warlike inhabitants of which are deeply incensed over the affront offered to their clergy, seventy of whom while meeting to discuss the question of church and state, were attacked by Cossacks, who dispersed them with knouts. The priests, in their protest against this action, practically laid their country under an interdict like that pronounced in the middle ages, by refusing to solemnize baptism, marriages and other rites of the church until redress is given by the whole orthodox church, of which the Georgian church is part. There is much discussion of the incident, and the beating of the priests has caused wide indignation.

The situation offers a crucial test of the ability of General Trepoft, and the new police minister is virtually on trial before the emperor and Russia to justify his selection for so responsible a post.

A dispatch from Erivan reports a new and alarming feature of the situation in the Caucasus in the desire of Persian Mohammedans to join their Moslem brethren across the border, which would convert a racial strife into a real "holy war" and kindle a flame which would devastate the southern Caucasus and be extinguished only by streams of blood.

### Strike to Continue.

Chicago, June 27.—By a practically unanimous vote last night the teamsters refused to accept the terms recently offered by the employers, and the latest peace prospect in the strike has vanished. President Shea has issued a call for a general meeting of all the local teamsters' unions to be held tonight. He has announced that the only question to come before the meeting is that of financing the present strike. Other labor men declare, however, that the chief topic of discussion will be the spreading of the strike.

### Folk's Word Goes.

St. Louis, June 27.—Owing to the action of the county officials in arresting a member of the Central Turf association just previous to the first race yesterday, there were no what might be termed official odds on the races, and whatever betting was done was between individuals.

### AN OPEN RACE

No One Has a Cinch in Ohio's Gubernatorial Contest.

Columbus, O., June 27.—With nearly all of the candidates for the Democratic nomination for governor in the city and many of the delegates gathered in the hotel lobbies, political discussions have warmed up perceptibly. All the gubernatorial candidates have opened headquarters. There is, however, not sufficient lining up among the delegates to show in which direction the majority of minds tend. In the multiplicity of candidates there is confusion and the best estimates as to relative strength of candidates are considerably at variance. The convention will have 861 delegates, with 431 necessary to nominate. While not giving out any full statement, the Welty claim of more than 500 votes assured is still maintained, although the instructed, pledged and known Welty strength has been generally given as slightly under 300. The number of votes instructed or pledged for Pattison is set at about the same figure. The effect of the possible support of the Anti-Saloon League on the Pattison vote is much discussed. Pattison is declared to have the support of that element, and a lining up of city and country delegates against and for him is anticipated on that account.

The large number of uninstructed delegates assures only one thing, and that is the probability of no choice on the first ballot. Whether Welty or Pattison will draw from the favorite sons in the later balloting enough votes to win, or the favorite sons will force the contest to last long enough to bring in a new candidate, are phases of the discussion. In case of a dark horse, Judson Harmon of Cincinnati is suggested in some circles.

The discussion of the gubernatorial situation overshadows that for all other offices, but the fact that there are other offices to be filled is not lost sight of, although the choice in these cases will depend largely on the result of the contest for governor. Frank Marriott of Delaware is most frequently suggested for lieutenant governor.

## FOR GOOD FLOUR

To run you until harvest you had better get "INDIANA PRIDE" or  
"PURITY". We are in a position to furnish farmers with flour and take  
wheat for same at harvest. Also have arrangements so that the farmers  
who have wheat in the mill for flour can get flour down town and will not  
have to drive to the mill. Remember, we give best grade flour in exchange  
for wheat. We ask a trial from all.
